

BLITZ ICE TOP 6

Ready-to-use jelly in neutral colour and flavour, perfect to enhance natural qualities of fruit while preserving its freshness. Specifically developed to be freeze-stable, this recipe is marked by an incredibly soft and creamy consistency. The whole line perfectly lends itself to colouring and flavouring. Also available in classic version.

DIRECTIONS FOR USE

the soft consistency of BLITZ ICE TOP allows its quick use for covering fruitcakes using a brush and also for dipping the whole fruit or in pieces directly in the jelly; for 'bavarian creams' it is advisable the application with a broad knife. BLITZ ICE TOP can be coloured and flavoured as desired.

TECHNICAL DENOMINATION

semifinished confectionery product for glazing.
