

## HOT DOG BUNS AND HAMBURGER BUNS

## STEP 1

| INGREDIENTS         |               | PREPARATION   |
|---------------------|---------------|---|
| SOFT BREAD 50%      | Kg 5          | Times and temperatures  |
| TYPE 00 WHITE FLOUR | Kg 5          | Temperature of the dough at 26-27°C   |
| WATER               | g 4750 - 5000 | Knead time (spiral mixer) 13 minutes  |
| SUNFLOWER OIL       | g 400         | Resting for 5 minutes at 22-24°C  |
| CASTER SUGAR        | g 400         | Bulk fermentation for 10 minutes at 22-24°C   |
| FRESH YEAST         | g 300         | Proofing for 60-70 minutes at 28-30°C   |
|                     |               | Baking with steam at 220-240°C for 7 minutes.   |
|                     |               | DOUGH: knead for 3 minutes on first speed and 9-10 minutes on second speed.                   |
|                     |               | Specified times are for the spiral mixers, knead until you obtain a smooth and elastic dough. |
|                     |               | RESTING: let it rest at 22-24°C for 5 minutes.  |
|                     |               | SCALING: cut into pieces of 60 grams each.  |
|                     |               | BULK FERMENTATION: let it rest for 10 minutes at 22-24°C.                                     |
|                     |               | SHAPING:  |
|                     |               | Hot dog buns: shape the dough pieces into cylinders. Place them on a tray covered with        |
|                     |               | parchment paper.  |
|                     |               | Hamburger buns: shape the dough pieces into flatten balls. Place them on a tray covered with  |
|                     |               | parchment paper.  |
|                     |               | PROOFING: place in the proofer at 28-30°C with relative humidity of 75/80% for about 60-70    |
|                     |               | minutes.  |

BAKING: bake with initial steam in a static oven at 230-240°C or in a convection oven at 220°C for about 7 minutes.

## FINAL COMPOSITION

The product can be packed in polythene bags as soon as it reaches a core temperature lower than 25°C.

If cool stored, the product can last up to 7-10 days.
