MARBUR CROISSANT 20%

To Taste

PREPARATION

Roll out the dough into a rectangular layer, lay MARBUR CROISSANT onto a half (280g of margarine for 1 kg of dough) and fold so that the other half cover the first and the sheet of butter is completely enclosed in the dough. Seal the edges well.

Roll out in order to shape the dough into a rectangle and make a 4-layer fold, then roll out again and make another 4-layer fold.

Let the laminated dough rest in the fridge for 5 minutes before working it.

FINAL COMPOSITION

Roll out the laminated dough to 4 mm and cut into triangles.

Roll them up well tight, from the base up, and bend the tips in order to give them a crescent shape.

Place them onto trays and store into the proofer room for 90 minutes at 30°C.

Bake at 180-190°C for 18-20 minutes.
