### SALTED CARAMEL FILLING

#### INGREDIENTS

PRALIN DELICRISP CARAMEL FLEUR DE SEL

To Taste

#### PREPARATION

- Spread the product between two sheets of baking paper at a height of about 4 millimeters and place in the refrigerator for about 1 hour  
- Cut into small 5x5mm squares and set aside in the refrigerator

## FINAL COMPOSITION

- In a chilled (18°C) polycarbonate mold spray some black coloured cocoa butter tempered at 28°C
- Blow with compressed air to get a gradient effect
- Spray some white cocoa butter tempered at 28°C
- Let it crystalize and make a chocolate shell using MINUETTO FONDENTE MADAGASCAR 72% tempered at 31°C
- On the bottom of the shell pour a drop of salted caramel filling
- Insert a square of PRALIN DELICRISP CARAMEL FLEUR DE SEL
- Pour the ganache almost filling the mold - if the ganache taken from the fridge is too thick heat it in the microwave up a maximum of 28-30°C and blend with a spatula (no mixer)
- Put in the refrigerator until the ganache crystallizes
- Complete with MINUETTO MADAGASCAR 72%dark chocolate tempered at 31°C
