## DECORATION

---

### INGREDIENTS

CHOCOSMART CIOCCOLATO LATTE

g 800

PRALIN DELICRISP COCONTY

g 1200

### PREPARATION

Heat the Chocosmart Latte to 40°C with the Pralin Delicrisp Coconty and dip the underside of the cake.

Whip the Chocosmart Latte in the planetary mixer and decorate the surface of the dessert with the help of a pastry bag with a nozzle as desired.

Complete the decoration with SPOT ORIGINAL Dobra, grated coconut and gold leaf.

### FINAL COMPOSITION

After the leavening, after about 2 and a half hours, when the culmination of dough will be approximately at the height of the mold, leave for 10 minutes leavened products exposed to ambient air so that a skin is formed on the surface.

With a sharp knife, make a superficial incision (the cut to be made on the surface of the cake it doesn't have to be too deep and it's necessary to get hired the characteristic shape to the finished product).

Bake at 160°C for around 33-35 minutes and in any case until to reach 92-94°C in the heart.

Freshly baked leavened products must be left to cool in position turned upside down for at least 6-8 hours before being decorated.
